Thresholdless, Folding Glass System

Tiara Slim-Flat-Zero

With Tiara, the new generation glazing system, you can transform your balcony into a functional room within your home. Designed for long-term use without requiring technical service, Tiara offers flexible solutions for various spaces such as shopping malls, restaurants, cafes, and offices. It opens to create an open environment and ensures safety and visibility when closed.

Tiara Flat

Threshold height is 23.3 mm. It provides both insulation and easy transition with its ramped structure on transition floors.

No corners!

Balcony or floor to ceiling!

Enjoy your new living space with Tiara. This system features a wide-wing structure that offers a unique panoramic view. With ABL (Auto Break Lock), a special mechanism ensures that the sliding wings automatically lock securely when positioned, preventing any falling or sagging.

Tiara Slim

The threshold height is 23.3 mm. On balustrade systems, it provides maximum panoramic view with less aluminium profiles.

Tiara Zero

The threshold height is 7.3 mm. It provides free passing by using embedded rail profile.

Dependable High-Quality Respected Trustworthy

Eralux is here for you
